SPECIFICATIONS ACCESSORIES

		NTS-342R6A		
Distance Measurem				
	Reflectorless	600m		
	1 Prism	3.5km/ under good condition 4.0km		
Max. Range	3 Prism	5.0km		
	Mini Prism	800m		
	Sheet	1.0km		
Accuracy ISO 17123	3-4 Reflectorless	\pm (2 $+$ 2ppm $ imes$ D) mm		
,	Reflector	\pm (2 $+$ 2ppm $ imes$ D) mm		
Reading		Maximum: 9999999999,999m; Minimum: 1mm		
Measuring Time		Fine Mode: <2s; Tracking Mode: <0.25s; Repeat: <0.35s		
Atmospheric Correction		Auto Correction		
Prism Constant		Auto Correction		
Angle Measuremen	it			
Measurement Meth		Absolute Encoding		
Diameter of the Absolute Encoding Disk (Horizontal/Vertical)		79mm		
Minimum Reading		0.1" / 1" Optional		
Accuracy ISO 17123-3		2"		
Detection Method		Horizontal: Dual Vertical: Dual		
Telescope				
Image		Erect		
Length		152mm		
Effective Aperture		45mm, (DTM: 47mm)		
Magnification		30 X		
Field of View		1° 30′		
Minimum Focus		3"		
Minimum Focussing	Distance	1.3m		
Reticle Illumination		Adjustable		
Automatic Compens	sator	,j		
System		Dual Axis Liquid-electric Sensor Compensation		
Working Range		±6′		
Accuracy		1"		
Sensitivity of Vial				
Plate Vial		30″ / 2mm		
Circular Vial		8' / 2mm		
Optical Plummet				
Image		Erect		
Magnification		3 X		
Focusing Range		0.3m∼∞		
ŭ ŭ		5°		
Field of View		· ·		
	ional)	5 levels adjustable		
Laser plummet (opti	ional)	5 levels adjustable		
Laser plummet (opti <mark>General</mark>	ional)	3.5 inches LCD, 320×240 dpi Touch Screen		
Laser plummet (opti <mark>General</mark> Display	ional)	3.5 inches LCD, 320×240 dpi Touch Screen backlight, contrast adjustment		
Laser plummet (opti <mark>General</mark> Display Keyboard	ional)	3.5 inches LCD, 320×240 dpi Touch Screen backlight, contrast adjustment Alphanumeric Keyboard/ 30 keys with backlight		
Laser plummet (opti <mark>General</mark> Display Keyboard EDM Trigger Key	ional)	3.5 inches LCD, 320 × 240 dpi Touch Screen backlight, contrast adjustment Alphanumeric Keyboard/ 30 keys with backlight Quick Measure Key located on side cover		
Laser plummet (opti <mark>General</mark> Display Keyboard EDM Trigger Key Laser pointer		3.5 inches LCD, 320 × 240 dpi Touch Screen backlight, contrast adjustment Alphanumeric Keyboard/ 30 keys with backlight Quick Measure Key located on side cover Easy to find target		
Laser plummet (opti General Display Keyboard EDM Trigger Key Laser pointer Guide light (optiona		3.5 inches LCD, 320 × 240 dpi Touch Screen backlight, contrast adjustment Alphanumeric Keyboard/ 30 keys with backlight Quick Measure Key located on side cover Easy to find target Indicates correct position fast and easy		
Laser plummet (opti General Display Keyboard EDM Trigger Key Laser pointer Guide light (optiona Bluetooth		3.5 inches LCD, 320 × 240 dpi Touch Screen backlight, contrast adjustment Alphanumeric Keyboard/ 30 keys with backlight Quick Measure Key located on side cover Easy to find target		
Laser plummet (opti General Display Keyboard EDM Trigger Key Laser pointer Guide light (optiona Bluetooth		3.5 inches LCD, 320 × 240 dpi Touch Screen backlight, contrast adjustment Alphanumeric Keyboard/ 30 keys with backlight Quick Measure Key located on side cover Easy to find target Indicates correct position fast and easy Easier way to transfer data and connect with controller		
Laser plummet (opti General Display Keyboard EDM Trigger Key Laser pointer Guide light (optiona Bluetooth Communication SD card		3.5 inches LCD, 320 × 240 dpi Touch Screen backlight, contrast adjustment Alphanumeric Keyboard/ 30 keys with backlight Quick Measure Key located on side cover Easy to find target Indicates correct position fast and easy Easier way to transfer data and connect with controller Supportable		
Laser plummet (opti General Display Keyboard EDM Trigger Key Laser pointer Guide light (optiona Bluetooth Communication SD card Serial I/F Port		3.5 inches LCD, 320 × 240 dpi Touch Screen backlight, contrast adjustment Alphanumeric Keyboard/ 30 keys with backlight Quick Measure Key located on side cover Easy to find target Indicates correct position fast and easy Easier way to transfer data and connect with controller Supportable		
Laser plummet (opti General Display Keyboard EDM Trigger Key Laser pointer Guide light (optiona Bluetooth Communication SD card Serial I/F Port On-board Battery		3.5 inches LCD, 320 × 240 dpi Touch Screen backlight, contrast adjustment Alphanumeric Keyboard/ 30 keys with backlight Quick Measure Key located on side cover Easy to find target Indicates correct position fast and easy Easier way to transfer data and connect with controller Supportable USB flash disk/ RS-232C(6pin)/ USB Mini-B/ SD card/ BLUETOOT		
Laser plummet (opti General Display Keyboard EDM Trigger Key Laser pointer Guide light (optiona Bluetooth Communication SD card Serial I/F Port On-board Battery Power Supply		3.5 inches LCD, 320 × 240 dpi Touch Screen backlight, contrast adjustment Alphanumeric Keyboard/ 30 keys with backlight Quick Measure Key located on side cover Easy to find target Indicates correct position fast and easy Easier way to transfer data and connect with controller Supportable USB flash disk/ RS-232C(6pin)/ USB Mini-B/ SD card/ BLUETOOT		
Laser plummet (opti General Display Keyboard EDM Trigger Key Laser pointer Guide light (optiona Bluetooth Communication SD card Serial I/F Port On-board Battery		3.5 inches LCD, 320 × 240 dpi Touch Screen backlight, contrast adjustment Alphanumeric Keyboard/ 30 keys with backlight Quick Measure Key located on side cover Easy to find target Indicates correct position fast and easy Easier way to transfer data and connect with controller Supportable USB flash disk/ RS-232C(6pin)/ USB Mini-B/ SD card/ BLUETOOT Rechargeable Lithium Battery 7.4 VDC		
Field of View Laser plummet (opti General Display Keyboard EDM Trigger Key Laser pointer Guide light (optiona Bluetooth Communication SD card Serial I/F Port On-board Battery Power Supply Voltage Operating Time		3.5 inches LCD, 320 × 240 dpi Touch Screen backlight, contrast adjustment Alphanumeric Keyboard/ 30 keys with backlight Quick Measure Key located on side cover Easy to find target Indicates correct position fast and easy Easier way to transfer data and connect with controller Supportable USB flash disk/ RS-232C(6pin)/ USB Mini-B/ SD card/ BLUETOOT

APPLICATIONS

Construction Measurement

Measure the corner and wall surface by yourself without setting the prism, the efficiency is improved

Dam Measurement

For target within 600m, prisms are not required. The surveying work is easily finished

Shipbuilding Measurement

Large shipbuilding surveying and positioning

Tunnel Measurement

Be able to observe measuring point without prisms. Pointlayout becomes easier

Missing line measurement

Road Design Customization

3.5 inch touch screen, translucence and semireflective design, 320*240, easy to read under sun shine.

High resolution touch screen

measurement

PROGRAMS

Concentrated ball bearing

reliable.

Laser Compensation Plummet

Bluetooth

Technologic

to save energy.

Double screen, operation on this

side, other side will close backlight

USB Interface

Distance offset

Plane offset Column offset
